Reminder: Agrowex prioritizes verified, consistent suppliers build your profile and reputation through reliable deliveries and transparent communication.

Understanding the AMA Tool

The Agrowex Maturity Assessment (AMA) is your first step toward verified offtakes and sustainable growth. It helps determine the readiness and reliability of your agribusiness.

What the AMA Evaluates:

- Farm management and record keeping
- Production capacity and consistency
- Financial health and transaction history
- Compliance and certifications

Why It Matters:

- AMA scores are used by buyers and financiers to evaluate your risk and readiness.
- Higher AMA scores open access to export opportunities, Agrowex Capital, and recurring offtakes.

How to Prepare:

- Complete your Digital Farm Profile in the Agrowex App
- Gather all certification and past sales documentation
- Take the AMA via the Assessment section in the app

Improving your AMA score can elevate your farm from smallholder to commercial-ready!

Start preparing today. Grow smarter, grow stronger.
